

SA 2019 Training Awards

ORGANISATION CATEGORY

Industry Collaboration Award

The Industry Collaboration Award recognises collaboration driving exemplary skills development. Collaboration between at least one employer or industry body and at least one organisation delivering nationally recognised training.

Collaboration versus partnership

A 'collaboration' is where two or more parties work together to achieve shared goals. A 'partnership' is a business structure where two or more parties enter a contractual relationship in which they can legally share profits, risks and losses according to terms set out in their partnership agreement. The key difference between a partnership and collaboration is that parties who work collaboratively do not necessarily need to be bound contractually. *This award is to recognise outstanding collaborations, not partnerships.*

Eligibility criteria

To nominate for the Industry Collaboration Award:

- at least one party must be an industry organisation (e.g. employer, enterprise, group of enterprises, industry association, industry advisory body, trade union or professional association)
- at least one party must be delivering nationally recognised training or directly contributing to the outcomes of nationally recognised training which leads to formal qualifications or Statements of Attainment under the Australian Qualifications Framework

Please note that nominations will not be accepted from organisations operating under contractual 'partnership' agreements.

2019 state winners of this category are nominated to enter a short-listing process for the Australian Training Awards.

The SA Training Awards are hosted by the Training and Skills Commission and supported by the Department for Industry and Skills
